

LAURENCE BOOTH, FAIA

Principal + Director

BOOTH HANSEN

Larry founded Booth Hansen in 1980 with the belief that spirited, meaningful, and useful buildings can be realized with an organized and open creative process. As Design Principal, he leads the conceptual development of every project at the firm, always beginning with the conviction that each client, landscape, and building program is unique and demands knowledge and creativity to achieve the best results. In a career spanning more than 50 years, Larry has been awarded numerous honors for his design work.

Larry is a Clinical Professor of Civil and Environmental Engineering and the Richard C. Halpern/Rise International Distinguished Architect in Residence at Northwestern University in Evanston, Illinois. He has also been a visiting professor at Harvard Graduate School of Design, University of California, Berkeley, and University of Illinois, and a lecturer at numerous prestigious colleges and universities.

Larry maintains a strong presence in Chicago's cultural landscape, having served on the board of over a dozen cultural institutions, including: Auditorium Theatre Council, The School of the Art Institute of Chicago, Chicago Symphony Orchestra, Goodman Theatre, and the Museum of Contemporary Art.
